

## 🇬🇧 Physical Class Game – Stay and Build Together! - SSSSB Story 027

**Materials:** Small cards with short situations written on them (e.g., “Help your grandparents,” “Work abroad and borrow money,” “Start a business in your village,” “Forget your language,” “Serve your community with honesty”).

### How to Play

1. Divide the class into two teams:
  - Team HomeCountry (focus on family, community, and building locally).
  - Team Abroad (focus on going abroad, facing struggles, and possible character changes).
2. Draw a card: A member from each Team picks one card and reads the situation aloud.
  - If it’s a HomeCountry card, the team earns 2 points. Act the situation.
  - If it’s an Abroad card, the team earns 1 point but must also explain the struggle or negative effect (e.g., debt, forgetting language, pride).
3. Reflection Round: After some cards, both teams share what they learned.
  - Team HomeCountry highlights the joy of family, seva, and community.
  - Team Abroad reflects on the challenges and risks of losing values.

**Joyful Ending:** Everyone shouts together: “Good things grow in our country with family and community!”
