

🇬🇧 Physical Class Game – Friendship Bridge - SSSSB Story 074

Setup:

- Children are divided into small groups - each group stayed with their own friends.
- Each group stands apart, leaving space between them.
- Teacher explains: *“At first, we are separate. But love and respect help us build bridges to connect everyone.”*

How to Play:

1. Each group thinks of one kind action or polite word (e.g., “sharing,” “thank you,” “smile”).
2. When ready, one child from each group steps forward and says their word or shows their action.
3. As they do, they join hands with someone from another group — this is the “bridge of friendship.”
4. The game continues until all children are connected in one big circle.
5. If someone hesitates, the teacher reminds them: **“Love makes us equal. Choose kindness!”**

Ending:

- The whole circle chants together: **“Together we are one family — friendship makes us strong!”**
