

🇬🇧 Physical Class Game – First Things First - SSSSB Story 065

Materials

- Two baskets or boxes: **Things to Do First** and **Things to Enjoy Later**
- Picture cards or writing on a piece of paper, activities such as homework, cleaning the room, helping parents, packing the schoolbag, football, drawing, games, and playing with friends.
- A soft ball or toy monkey to represent **Oe-Oe**.

How to Play

1. **Kito and Oe-Oe Circle:** Children sit or stand in a circle. One child acts Oe-Oe Monkey while everyone chants: **“What should I do first?”**
2. **Pick a Card:** The teacher shows an activity card. For example: *Homework, Football, Clean my room, Help Mama, or Play with friends.*
3. **Choose the Basket:** The child acting Oe-Oe decides whether the activity belongs in **Things to Do First** or **Things to Enjoy Later**, and places the card in that basket.
4. **Act It Out:** The child quickly acts out the activity. For homework, they pretend to write; for cleaning, they tidy something; for football, they pretend to kick a ball.
5. **The Kito Challenge:** Occasionally the teacher gives a situation such as: *“You have homework, but your friends are calling you to play football. What will you do first?”* The child chooses and explains the better action.
6. **Pass Oe-Oe:** Another child acts as Oe-Oe and continue until everyone has had a turn.
7. **Finish with Joy:** When all the important tasks are completed, everyone pretends to run outside and play together. The class cheers: **“Important things first, then play with joy!”**
