

🇬🇧 Physical Class Game – Treasure in My Friend – SSSSB Story 072

How to Play:

1. **Circle Time:** Students sit in a circle.
2. **Pass the Smile Card:** One student holds a "Smile Card" (a colorful card or paper with a happy face).
3. **Give a Compliment:** The student with the card chooses someone in the circle and says one positive thing about them (e.g., "I like your accent," "You are kind," "You share your food").
4. **Pass It On:** After giving the compliment, they pass the card to that person.
5. **Continue:** The new person now chooses another student and shares a positive quality.
6. **End Round:** The game continues until everyone has received at least one compliment.

Variation for Joyful Energy:

- Add song/music or action: Sing a song/bhajan or dance or act while the card is passed.
- Add drawings: children can draw a small symbol (🌸, ★, 💖) on a paper each time they receive a compliment, creating a "Garden of Goodness."
