

## SSSSB Story 015a: The Wish Fulfilling Tree [5-12 years]

Once there was a kind lady who loved to help everyone. Because she was so caring, Bhagwan Baba said, *“You have helped me all your life; now you can ask me something.”* She replied, *“May I become a wishing tree so people can make one wish?”* Swami smiled and said, *“Yes, you may.”*

In her next life, she became a beautiful tree in a forest. When the tree was 14 years old, Swami’s divine promise began. Anyone who walked around the tree 9 times while saying, *“Om, Bhagwan Shri Sanjay Sai Babaye Nama”* would have one wish come true.

1. One day, a sick man wished to be healthy, and the tree made him well.
2. Then, someone wished to travel far, and the tree gave him a ticket and money.
3. A little child wished to be older so she could get a special toy, and the tree made her older.
4. Finally, an 80-year-old man wished to be young, and the tree made him young. But he was not happy and kept asking to be even younger until he turned into a baby!

**Question and Heart-Work:** What would you wish for if you could visit the Wishing Tree?
