

How to play

- Children stand in a circle. Place cards in the centre showing **Study, Mobile, TV, Meditation, Helping Parents, Helping Siblings, Playing, and Resting.**
- The teacher calls out a situation, such as: “**You have homework, but you want to use your mobile.**”
- One child quickly picks the card showing **what should come first** and acts it out. The other children guess the good choice.
- If the child makes a poor choice, everyone joyfully says: “**Try again — good habits grow with practice!**”
- Continue with different situations so every child gets a turn.

Ending: At the end, everyone raises their hands and says together: “**Choose wisely, practice daily, and make life brighter!**”
