

🇬🇧 Physical Class Game – The Treasure of Values - SSSSB Story 069

Setup

- Children sit in a circle.
- Prepare **Value Cards** with words like *Kindness, Respect, Love, Truth, Honesty, Courage, Sharing, Peace* – these cards are hidden in the playground.

Rules

1. **Treasure Card Challenge:** Children search for the hidden value cards.
2. **Share the Treasure:** When found, they explain why that value is important in life and act out how they practice it (e.g., “Kindness is important because I help my friend when they are sad”).
3. **Pass the Treasure:** After sharing, the child places the card in one place.
4. **Group Reflection:** After everyone has shared, the group discusses:
 - Which values appeared most often?
 - How do these values help us live happily?
 - Which values shine brighter than wealth, status, or power?
5. **Team Challenge:** The groups choose 3 values they think are the “Most Valuable Treasures” and present them creatively (song, drawing, short skit).
