

🇬🇧 Physical Class Game – The Friendship Circle Song - SSSSB Story 058

How to Play:

1. **Form a Circle:** All children stand in a circle, holding hands lightly.
2. **Start with a Song:** One child (the "Cuckoo") begins by humming or singing the SSSSB song line: "SSSSB is our happy place, we learn with love, we grow in grace. Kind hearts, calm minds shining bright, Truth and respect make our light..."
3. **Pass the Joy:** The "Cuckoo" then chooses a friend in the circle, looks at them kindly, and says one positive value (e.g., *respect*, *kindness*, *patience*).
4. **Friendship Chain:** That friend now becomes the new "Cuckoo," repeats the song line, and passes another value to someone else.
5. **Continue Until Everyone Joins:** The game continues until each child has sung and shared a value.
6. **Reflection:** At the end, the teacher asks: "How did it feel when your friend shared a value with you? Did it make you happy?"
