

## 🇬🇧 Physical Class Game – The Magic of Sharing Circle - SSSSB Story 052

### Materials

- One empty bowl
- 10 tokens (or paper fruits/candies) for each child

### How to Play

1. Each child receives **10 tokens**. One child is the **Friend in Need** with **no tokens**.
2. Teachers asks: one of friends need help, can we help”
3. Children think “I have enough, Can I just spare ONE token?”
4. Children who wish to help place **one token** into the bowl.
5. When everyone finishes, the bowl is given to the needy friend.
6. Children sees that although each child gave only one token, together they created a treasure
7. Reflection:
  - Did giving one token make you poor?
  - How did your friend feel after receiving so many?

**Message:** When everyone shares a little, it becomes an abundance for someone in need.
