

🇬🇧 Physical Class Game - The Most Important Thing - SSSSB Story 041

How to Play

1. **Circle Time Start:** Children sit in a circle. One child holds a "Question Notebook" (like the girl in the story).
2. **Pass the Notebook:** The child asks another: "What is the most important thing in life for you?" The chosen child answers in one sentence.
3. **Joyful Action:** After answering, the child must do a joyful action (e.g., clap 3 times, jump once, or sing "Sai Ram!") before passing the notebook to the next person.
4. **Reflection:** After everyone has answered, the teacher asks: "Did you notice how everyone's answers were different, yet all were beautiful? What does this teach us about life?"

Variation for Extra Fun

- **Value Cards:** Prepare cards with words like *Love, Kindness, Family, Learning, Play, Service*. Each child picks one card and explains why it could be "the most important thing."
- **Best Friend Bonus:** Children can team up in pairs to share their answers together.
